Hydrophore tank

Execution :

- Steel tank for water and air
- Horizontal or vertical pressure vessel
- Design Pressure 6 bar – Test Pressure 8.6 bar
- Design Pressure up to 15 bars upon request
- Temperature : -10°C / +50°C
- Conformity with Pressure Equipment Directive 2014-68-EU (PED)
- Hot dip galvanized according EN ISO 1461
- Horizontal execution : with (universal) pump support or made to mesure

HORIZONTAL :

Type	Volume	ø Dia	Length	A	B	C
HH-75-6	75 L	380	830	-	3/4"M	3/4"M
HH-100-6	100 L	380	1030	1"M	3/4"M	1"F
HH-200-6	200 L	500	1180	1"M	1"M	1"F
HH-300/6	300 L	600	1310	5/4"M	1"M	5/4"F
