

# HUSKY® 2150LP

Large Particle, Air-Operated  
Double Diaphragm Flap-Check Pump

## PUMP ANYTHING & EVERYTHING

Built for waste and trash in mines,  
sumps and in-plant

### PROVEN GRACO RELIABILITY

Based on existing diaphragm pump platform

### TOOL-FREE MANIFOLD ALIGNMENT

Pin-type connection allows for easy manifold  
adjustment and reduces leaks

### EASY TO SERVICE

Reduces maintenance costs

MADE IN THE USA

# TRANSFER SOLIDS. BETTER.

The Husky 2150LP is based on proven Graco Air-Operated Double Diaphragm pump technology. The simple, easy-to-service design provides maintenance advantages over competitors.

## POWDER-COATED FINISH

Graco is the only manufacturer offering powder coat

- Protects your pump in harsh environments

## EXTERNALLY SERVICEABLE AIR VALVE

Easiest to service in the market

- Can be replaced in a few minutes

## DURABLE FLAP VALVE

Decreases downtime

- Pass solids up to nearly 2-inches without clogging

## HIGH PERFORMANCE

150 gallons per minute

- 120 psi
